

Lift and Shift

# FUTURE-PROOF YOUR BUSINESS WITH LIFT AND SHIFT TECHNOLOGY

[www.dvcranes.com.au](http://www.dvcranes.com.au)

A connection between the two crucial aspects of construction **lift and shift** and that is what DV Mobile Crane Hire excels in. We provide a comprehensive range of crane and access equipment services designed to meet the diverse needs of construction projects across various sectors. Whether you're dealing with heavy materials or need to access hard-to-reach places, our solutions are tailored to ensure efficiency and safety on-site.

## Why Choose DV Mobile Crane Hire?

- Wide Range of Equipment:
- Spreader Bar for multi-point lifting of sensitive loads.
- Material Cage for moving loads with either forklift or crane.
- Brick Cage designed for the safe lifting of brick pallets.
- Glass Lifter that can cover two-thirds of the glass for safe transportation.
- Pallet Lifter for versatile lifting tasks.
- Man Cage for safe elevated workspaces, compliant with OH&S requirements.
- Machinery Jacks and Trolleys for relocating equipment in confined spaces.
- Bog Mats and Ground Protection to enhance safety and minimise ground damage.

# Benefits of Our Services

## Efficiency and Safety:

Our access equipment is designed to optimise your workflow, allowing materials and personnel to be lifted and shifted to the most challenging locations without compromising safety.

## Expert Curation:

Each piece of equipment is meticulously selected and maintained to ensure top performance, helping you complete your project smoothly and efficiently.

## Exclusive Deals for Subscribers:

Enjoy special offers and discounts exclusive to our subscribers, making it easier to access the best equipment without straining your budget.

Join the community of satisfied clients who rely on DV Mobile Crane Hire for their lift and shift needs. Our expert team is ready to provide the support you need to elevate your project to new heights.

Let's make your next construction project a success with **DV Mobile Crane Hire!**
