

# HEAVY LIFTING MADE EASY WITH PROFESSIONAL CRANE LIFTS

[www.dvcranes.com.au](http://www.dvcranes.com.au)

Not every project requires a one-size-fits-all approach, especially when it comes to **crane lifts**. At DV Mobile Crane Hire, we've got you covered with our versatile and compact crane solutions. Perfect for projects requiring a crane lift, our 20T Bubble Crane is designed for tight access areas with a remarkable reach of 25m. Whether you're navigating narrow pathways or handling heavier loads, our cranes are built to handle the task with precision.

## **Key Features of Our Crane Lift Service**

**Our 20T Bubble Crane is a standout in performance and design:**

**Compact Dimensions:** Measuring just 2.4m wide, 8.5m long, and 3.3m high, it fits where others can't.

**Impressive Reach:** With a 25m reach, it tackles tasks from a distance.

**Mobility:** Equipped with 4-wheel steering and 4-wheel drive, ensuring ease of movement on various terrains.

**Powerful Performance:** Handles heavier lifts and covers greater distances than our smaller models, all with a similar footprint.

# Why Choose DV Mobile Crane Hire?

Choosing our services means opting for reliability and efficiency in all your crane lift needs. Our cranes, like the 20T Bubble Crane, are designed to accommodate a variety of projects, providing flexibility and strength without compromise. Whether you're managing a construction site or an industrial operation, our cranes ensure that every lift is executed safely and efficiently.

In a world where precision and capability matter, trust DV Mobile Crane Hire for your next crane lift venture. Discover how our tailored solutions can make a difference in your project today.
