

UNLOCKING THE SECRETS TO EFFECTIVE FOOD STORAGE LOCKERS

OzLoka® New Zealand offers top-tier food storage lockers specifically designed to meet the rigorous standards of the food industry.

OzLoka® New Zealand offers top-tier food storage lockers specifically designed to meet the rigorous standards of the food industry. These lockers are crafted from high-density polyethylene (HDPE), providing an easy-to-clean, low-maintenance solution that ensures a hygienic environment for storing food products. From restaurants and cafes to food processing facilities, OzLoka® New Zealand food lockers cater to diverse settings, offering a safe and efficient storage option for everything from uniforms to raw materials.

Discover the Benefits of Customisable Food Lockers

The advantages of these food storage lockers extend beyond their basic functionality. Their construction from non-corrosive materials means they resist rust even in high-moisture environments, promoting a clean storage area accessible from unsightly stains and rust. Available in various sizes and colours, OzLoka® New Zealand lockers can be customised to fit specific storage requirements while enhancing the aesthetic appeal of any facility. These lockers also boast resistance to acids, salts, and humidity, making them ideal for demanding food industry conditions.

Top Tier Food Storage Lockers

OzLoka® New Zealand food storage lockers are designed with safety and efficiency in mind. Their lightweight, ergonomic design allows easy installation and maintenance, while their durability ensures a long-lasting storage solution. Importantly, these lockers provide a lower fire risk than traditional metal units, as they are less susceptible to catching fire from kitchen accelerants like oil and grease.

For businesses committed to maintaining high hygiene and safety standards, OzLoka® New Zealand offers an unparalleled selection of food storage lockers. Upgrade your storage solutions with their innovative and customisable lockers, and ensure a clean, efficient, and organised environment.
