GRP SEPTIC TANK SUPPLIER UAE

Polycom is also known as a GRP septic tank supplier in UAE for its world-class quality. Septic tanks are specially built and developed for underground use in environments to avoid intense corrosive solar conditions. And in extreme conditions, they can be installed in areas with very high soil water.

Special design, leading technology, lightweight, very solid, good resistance to corrosion, no penetration, no contamination, good workmanship, long life is the specialty of our GRP septic tanks. . In the cell body is two ends, outlet and empowerment have tested the wellhead, shunt tanks with the bulkhead plate and water circulation pan to increase the water retention times.
